

Contemporary processing technologies and food analysis

1. Attendance at classes is mandatory. A maximum of 20% absence from classes is permitted. In case of absence, students should contact the lecturer to request a method of completing the class (how to prepare a report).
2. Classes are completed by submitting a report to the lecturer **for each class**.
3. You should bring a lab coat to the exercises, because some of the classes are laboratory exercises.
4. Lectures are completed by passing a test exam.
5. The final grade for the course consists of: 50% from the exercises grade and 50% from the test exam grade.
6. Please direct any questions to the course coordinator Bartosz Kruszewski, PhD from Division of Fruit, Vegetable and Cereal Technology, room 24.
